

Introduction to networks

- a network consists of two or more computers that are linked in order to share resources, exchange files, or allow electronic communications

تتكون شبكة الانترنت من اثنين أو أكثر من أجهزة الكمبيوتر
التي تم ربطها من أجل تقاسم الموارد وتبادل الملفات، أو
السماح بالاتصالات الإلكترونية

Components of a network

A server

A workstation

Communication Channel

- LAN
- A small network that is confined to a small and limited area that is usually the size of a home or a small group of offices.

WAN

A very large network that can be connected throughout the whole world; via long wires, optical cables, or satellites.

A network consist of two or more computers
